

I am writing against allowing new LPFM stations to take priority over the existing FM translator service. I currently listen to KLOVE 91.1. K-LOVE serves me as a resident of my local community. The effect would be great on the local community if K-LOVE were to be displaced by an LPFM broadcaster providing other programming. I believe KLOVE is in the public interest because it offers positive and encouraging programming any time of day. There is no other station I have found that can offer this. Thank You, Lisa Bowers
